Personal Power™ RETREAT

FOR AMBITIOUS PEOPLE TIRED OF KNOWING WHAT TO DO AND STILL NOT DOING IT

Your life, decided *by you.*

Not by fear. Not by a story you learned years ago. Two days to see the belief behind your hesitation, question it, and leave with one step you chose.

6 & 7 NOVEMBER 2026 | REMAL WELLNESS RESORT, WADI EL-NATRUN | SHUTTLE FROM AND TO CAIRO | LIMITED SPOTS

Early Bird pricing ends 20 October 2026.

You already know what to do.

You've read the books. You've listened to the podcasts. You've talked it through with friends. You've told yourself to just push harder.

It works for two days. Then the old voice comes back.

> *"What if I get it wrong?"*
> *"Maybe I need more time."*
> *"What will people think?"*

So you wait. Waiting feels safe. Then the frustration returns.

- The career you want to leave
- The thing you want to start
- The conversation you keep rehearsing
- The boundary you haven't set
- The opportunity you didn't ask for

This isn't how you want to keep living.

The problem isn't information. You have plenty. The problem is a belief you've never examined, and it's still making your decisions.

WHAT YOU'LL GET

Three moves, in order.

01
See the belief
You find the beliefs, values and rules that run your decisions, and what you're actually afraid of underneath the excuses.

02
Question the limit
You put what you've believed in front of real evidence and let it lose its grip. Then you write the story again, in your own words.

03
Take the step
You draw a clear line between what you can't control and what you completely own, and you choose one step to take.

WHAT YOU'LL EXPERIENCE

Two days. One turning point.

1 Day 1
FRIDAY • 6 NOVEMBER

See what's holding you back

We pull you off autopilot to see exactly what is operating in the shadows.

Identify your blind spots. Discover the beliefs, values and rules that control your actions, decisions and behaviors in every moment to consciously direct your reality.

Find the root cause. Evaluate the root cause of your behavior and understand how different sources of influence can be shifted to create the life you want.

Uncover the real fear. Dig beneath surface-level excuses to face what you are actually afraid of.

Break the destructive patterns that prevent you from living life on your terms.

2 Day 2
SATURDAY • 7 NOVEMBER

Reclaim your personal power

We break down the old story and build the internal architecture you need to move forward.

Question what you've believed. We put your limiting beliefs in front of real evidence and let them lose their grip. Then you write the story in your own words.

Build self-trust. Stop waiting for "confidence." Learn how to take courageous action and trust your ability to handle the outcome, even when you feel afraid.

Taking control, the first step. Draw a hard line between what you cannot control and what you completely own.

Leave with one clear step. This retreat ends in action, not inspiration. You will consciously decide how to move from insight into steps to move toward your potential and a vision of who you are and what you can do.

THE PERSONAL POWER METHOD

We start one layer down.

1 SEE THE BELIEF | 2 QUESTION THE LIMIT | 3 CHOOSE YOUR RESPONSE | 4 TAKE THE STEP

Your beliefs shape your behavior, and your behavior shapes the life you get. Most advice starts at the behavior ("be more confident"). We start one layer down. Three practices do the work:

Somatic work
Noticing and processing the physical tension and stuck feelings linked to stress and fear.

Breathwork
Intentional breathing that calms your nervous system and opens a more receptive state.

Cognitive reframing
Spotting the interpretations that quietly set your limits, and challenging them.

MOST SELF-HELP	PERSONAL POWER
Works on behavior ("be braver")	**Works on the belief behind the behavior**
Information you agree with	**Experience you work through**
A motivation spike that fades	**One chosen step, with support after**
Alone with a book or video	**Small group, guided, in person**

IS THIS FOR YOU?

An honest fit check.

This is for you if
- ✓ You know there's more you want to do, and fear or self-doubt keeps getting in the way
- ✓ You're ready to look honestly at your own patterns
- ✓ You want something practical, not only motivation
- ✓ There is a decision or step in front of you right now

This may not be for you if
- ✕ You want a quick confidence fix, or someone to decide for you
- ✕ You're coming because someone else pushed you
- ✕ You're looking for clinical treatment. This is a personal-growth retreat, not therapy.

Fear may still come along. It just doesn't get *to decide.*

WHAT LIFE LOOKS LIKE AFTER

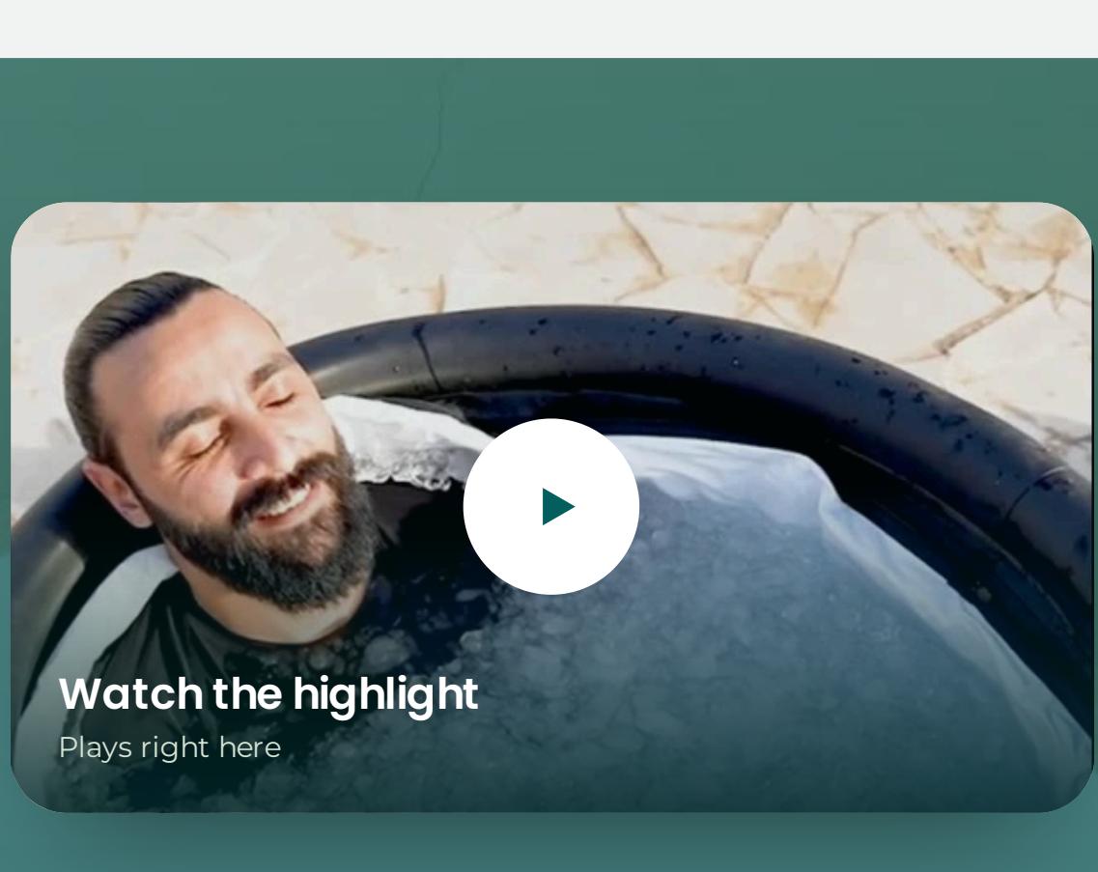
You can name the belief that's been making your decisions. It's still there sometimes. It just doesn't get the final word.

You trust yourself a little more than you did, and you know what you control and what you completely own.

You've already taken one step, the one you had been postponing. You didn't wait to feel ready. Courage came first, and confidence followed.

FROM A PAST ROUND

Watch it happen in the room.



THIS IS SOME OF OUR AUDIENCE FEEDBACK

VOICE 01 Watch | VOICE 02 Watch | VOICE 03 Watch | VOICE 04 Watch | VOICE 05 Watch
VOICE 06 Watch | VOICE 07 Watch | VOICE 08 Watch | VOICE 09 Watch | VOICE 10 Watch

NOT READY TO BOOK YET?
Try this first.

Start with this: **What decision am I postponing?**
Then: **What story do I tell myself about why?**
The answer usually arrives fast. That story is often the belief we work on in the room.

YOUR GUIDE

Ahmed Hossam

A human potential and performance coach, an entrepreneur, and a co-founder of Retrive.

He works with capable people who sense there is more in them but are busy doing a lot without clear direction. The path he uses, and is still developing and testing, has four steps:

KNOW | GROW | PERFORM | CONTRIBUTE

Understand yourself, develop on purpose, act with intention, and make it useful to others.

He spent more than ten years in design, advertising, marketing, branding and business, and rose to Brand Manager. He also built ventures of his own. Some worked and some didn't. Along the way he trained and competed in martial arts, where practice, pressure, attention and recovery showed him the difference between potential and performance.

To understand the person behind the performance, he studied professional coaching, positive psychology (including positive psychology interventions), NLP and human development. He now applies that work in his coaching, programs and retreats.

He knows what it costs to push without knowing why, and what changes when your ability, identity, direction and work finally fit together. He is multidisciplinary by nature and has stopped treating that as a weakness. He doesn't claim to have life figured out. He is still learning, building and testing these ideas against real life.

QUESTIONS

Before you decide.

Still have a question? Message us on WhatsApp at **+20 100 651 1606**.

Ask on WhatsApp

Is this therapy?
No. It's a non-clinical personal-growth retreat. If you're dealing with something that needs clinical support, please speak with a professional first.

Do I need to know my limiting beliefs already?
No. Finding them is what Day 1 is for.

Is it just motivational?
No. It's exercises, reflection and tools. There's no hype.

I already know my limiting beliefs. Will this still help?
Knowing a belief and changing how you relate to it are two different things. The second one is what we work on.

I'm not really a fearful person.
Fear doesn't always look like panic. It can look like procrastination, perfectionism, control, or staying comfortable.

I don't like emotional retreats.
This one is deep and practical. There's no emotional drama and no forced vulnerability, and you work at your own pace.

Is it beginner-friendly?
Yes. You don't need any experience with breathwork, somatic work or coaching.

Is it spiritual?
It's science-backed and practical, and it isn't religious. Everything we do is rooted in our Arab heritage and culture, not copied from Western frameworks alone.

What's included in each package?
Every package includes the shuttle from and to Cairo, breakfast and lunch, a room for the night, and full access to both days. Standard and VIP add private coaching and more. See the packages above.

Can I come alone?
Yes, of course. We build connection between everyone in the group from the very first moment.

Can I come with friends?
Yes. Bring 3 or more for a special group rate.

How does transport work?
The shuttle from and to Cairo is included in your package. It leaves from two starting points: Downtown Katameya (5th Settlement, New Cairo) and Dandy Mega Mall (Cairo-Alex Desert Road, Giza). Our team arranges the exact pick-up times with you after you book.

How do installments work?
You can split your payment into monthly installments with Visa, Mastercard, Meeza, ValU, Aman, Forsa, Apple Pay, Souhoola or Al-Ahly NBE.

What if I need to cancel?
- 100% refund if you cancel 14 days or more before the event.
- 50% refund if you cancel 13 to 10 days before the event.
- No refund if you cancel within 7 days of the event.

What happens after the retreat?
You leave with one chosen step. The WhatsApp group keeps you supported, and Standard and VIP add private coaching and the Personal Power Circle.

There is more in you than the fear you've learned to obey.

When you're ready, we're here.
